

Message From the Board of Trustees To parents

We the members of the Board of Trustees of South Haven Christian Academy are committed to ensuring that South Haven Christian Academy remains true to its mission of assisting you in the training of your children for life and eternity. In a time of significant social, political and economic transformation on both a regional and global level we accept that the only hope for a continued meaningful and productive life is the reinforcement of those traditional values that have for centuries characterised healthy families and formed the basis of an orderly society.

As persons ultimately responsible for the direction of South Haven Christian Academy we affirm its commitment to fundamental principles of discipline, self-determination and the realisation of the full potential of each individual person. We also affirm that there can be no true and lasting fulfilment of the individual person nor can society be what it was intended to be apart from the recognition of God as sovereign over the individual; God Who can and must be known through Jesus Christ His Son and obeyed in all matters of personal and corporate conduct.

As you fulfill your role as parents in the upbringing of your children we remain available to support you by preserving the unique character and quality of your child's experience as a student of South Haven Christian Academy.
